Rev. S. M. Robinson,

My dear Mr. Robinson:

I can hardly express the extent of my gratification and pleasure in listening to your masterly sermons by radio at my home, whenever it has been possible for me to listen in during your services, and as a slight token of my appreciation I wish to enclose <sup>a</sup> the small check as a contribution toward the expense of the arrangement and to express the hope that your work in direction may be continued.

Your delivery could hardly be improved upon and the message comes through clear and distinct and without a flaw. I have several men remark that they go home after our morning Men's Class to listen to the Lockport man with their families who are detained from the regular services.

Your work cannot but tell markedly in arousing the people who otherwise would be indifferent to their civic duties to become a part of the movement for bettering public affairs as well as religious thought and attention.

Sincerely yours,

*George S. Hobbie M.D.*

My dear Fundamentalist: - On account of preaching two sermons in the morning and a funeral sermon in the afternoon, I had no evening service last Sunday. This gave me an opportunity to "listen in." My neighbor kindly offered me the use of his radio in his home, while he was attending the evening service in his church. He had everything in readiness for Rev McAlpine's service, but it was your service that came over the radio - and I am glad that it did.

Being a minister (Lutheran) I would most naturally feel interested in your sermons. My heart rejoiced to hear that sermon. It was a sermon of an outspoken fundamentalist. I stand with you upon the same foundation, and I do sincerely wish, that everyone in the visible and the invisible congregations that you addressed Sunday evening may also be built upon that foundation of which Paul writes; "other foundation can no man lay than that that is laid, which is Jesus Christ" (1 Cor. 3. 11).

Yours in the Master's Cause,

My dear Mr. Kelly -

Thank you for your letter, the generous contribution to the radio fund and for the interesting article - I was greatly interested with it. Every good thing has its use & this ought to be no exception -

The words of encouragement have been many & earnest and have done great good. There is a tremendous company of zealous ~~conscientious~~ Christian believers and I feel sure the old Gospel will mightily prevail -

My dear Friends -

Thank you for your  
good letter & the generous  
enclosure - It is a great  
privilege to be able to help  
those who are denied the chance  
to attend church -

Certainly your mother's long  
life of work in the Kingdom ought  
to make these last years very  
bright -

Rev Stewart W Robinson.  
Dear Sir. We have had the pleasure  
of listening to two or three of your  
Discourses, over the Radio, and it  
afforded us great satisfaction. First  
to know that Modernism had not totally  
destroyed the fundamental doctrines of  
Christianity; that there are still God's  
Ministers left, who believe in the Divinity  
of Christ, the washing of Regeneration and  
and obedience to God's Commandments  
in order to obtain Eternal Life. Evidently  
God has chosen the Radio to give the Holy  
Spirit a better opportunity to perform his  
office work; to convince the world of Sin  
of Righteousness and of a judgment to come.  
Best Yours Mr & Mrs

are Mr and Mrs F. Mr & B. Bellan she  
use to play the pipe organ at our  
church. I wish you might call on  
them at their home or store and  
remember me to them. And you  
might get them interested in your  
church I don't know where they do  
attend there. I am so thankful  
I had the pleasure to hear your  
good sermon it impressed me  
so much. hope I may hear

you again sometime

My dear Dr. Robinson:

I was most grateful for your fine letter of March 17, and we certainly do appreciate your having broadcast by radio the information about Dr. Kelly's testimony. You will be glad to know that the total number of short term subscriptions that have come to us in the last few weeks, evidently in response to our advertising of this series, is now more than 24,000, and that they have by no means yet stopped coming in is seen by the fact that we took in 526 only yesterday.

Yes, we are already manufacturing the book which will contain the entire series, so as to have it ready for the public as soon as the series is concluded.

I am grateful for your hope that these "get acquainted" subscribers will become permanent, and we shall appreciate your definitely praying that the Lord will bring this to pass.

Donald Barnhouse left the Belgian Gospel Mission several years ago, and his present address is, I believe, as follows: 21 rue Pierrgrosse, Ia Mure Isere, France. I understand he is pastor of a church there.

I shall be much interested in seeing the new article you say you will send us, and I had hoped to publish before now the good one from you that we did accept. It will probably be appearing soon.

With grateful remembrance, believe me,

Yours cordially,

Dear Pastor via Radio!

We installed a Radio this past Winter and the man <sup>get</sup> from whom we bought it told me I could, the Lake One Baptist church of Rochester on Sunday morning, so for two or three Sunday's we tuned in for these services. but one Sunday in February we tuned in and lo! it was the First Pres church of Lockport, so every Sunday since when you are on the air we enjoy your sermon. and this last Sunday it was doubly precious to me. (first) I am in poor health have been for the past four years owing to a serious operation. and at present am down with Sciatic Rheumatism and Sunday from my bed of pain I heard your wonderful sermon on the text Jacobus make haste & come down for to day I must abide at thy house. also your beautiful prayer in which you prayed for me. it just fit

any condition so perfectly I said he is praying for me.  
I am a little easier from pain to-day so took  
this time to write these few lines, the weather is  
some brighter & warmer this afternoon I am hoping  
the warm spring weather will do a lot for my  
trouble. I have been in Lockport and know  
where your church is located hope to be there  
is coming summer & will try and attend  
services in person. I will close as I am very  
tired I trust you can read this letter also hope  
you will accept my small contributions in  
spirit given and I pray God will give you  
health & strength to send out many more <sup>messages</sup>  
& comforting words & prayers as the ones that came  
to me on last Sabbath. Will close for this time
